

specialist success

I have great pleasure in announcing that Dr Eleni Verikaki has now been included on the Specialist Register in Paediatric Dentistry. The General Dental Council has recognised Dr Verikaki's training in the UK and Canada and her extensive experience of working in Paediatric Dentistry in the community as well as in private practice. Eleni has been working at the Moor Park Specialist Dental Centre for over 18 months as a dentist whose practice is restricted to Paediatric Dentistry and now deserves to have the title of 'Specialist in Paediatric Dentistry'. Her referrals have steadily grown

Eleni Verikaki BDS MSc FRCD

over the past months and we thank you for the support. As a reminder, Eleni is happy to take referrals for the following clinical situations:

- Treatment planning
- Prevention (OHI, Diet advice, Fissure Sealants)
- Uncooperative children
- Medically compromised children
- Trauma
- Tooth surface loss
- Developmental dental defects/ anomalies such as Molar Incisor
- Hypomineralisation, Amelogenesis Imperfecta etc
- Pulp treatment (pulpotomies, pulpectomies etc)
- Acute soft tissue and gingival problems
- Interceptive Orthodontics (space maintainers, correction of cross bites etc)
- Routine paediatric conservative dentistry

Consultation Fees	
45 mins: includes up to two radiographs, OHI and dietary advice.	£65.00
Sedation Fees	
Inhalation sedation (per 30 minute session)	£85.00

Weekdays - by appointment

moor training: develop with us

Dear Friends and Colleagues

2010 is truly here and I don't know about the rest of you, but I have hardly got into the swing of things myself. A frosty January with plenty of snow and still in the midst of a financial recession, may not be the ideal way of starting the New Year. The only positive to take out of it is that it can only get better! I do wish you all the very best and a prosperous 2010. Can I also take this opportunity to thank you for your support for the Specialist Centre over the last year and look forward to our continuing relationship.

At the Specialist Centre, we have used the forced break over the past few weeks to provide the final touches on a more comprehensive and structured

not available normally via other established programmes and designed them after speaking to a number of our colleagues.

“We have endeavoured to provide simple one or two day courses which are not available normally via other established programmes.”

education programme. We have kept these simple one or two day courses to cater for the needs of our colleagues to improve their day to day practice in the various specialities. We have endeavoured to provide courses which are

I am therefore proud to present the outline of the programmes available including other essential data. We plan to keep these as small group courses to provide the personal interaction that would make them effective and strongly

encourage feedback. If there are specific topics that you do not see in this list but would like included in future programmes, please do not hesitate to inform us.

If you would like further details regarding a particular course, please contact us for a more detailed leaflet highlighting the learning outcomes. I hope you will enjoy participating in these courses as we will certainly enjoy interacting with you all.

Joe Bhat
Practice Principal

See inside for more information about moor training courses taking place in 2010 >>>

Clinical Courses		Dates 2010	Target Participant	Course Leaders	Location	Cost	CPD	Max Delegates
